

Alchemy and Ice

Iced Enamels project

Flower and leaves Necklace in fabulous zingy Chartreuse and Raspberry shades

Here is how-to make a simply constructed multi -strand necklace using the flowers and leaves made in my previous Iced Enamels tutorial.

**Materials Needed:**

Iced enamelled leaves and flowers -

Brass 8 Petal Flower 24g Stamping Blank 24mm x3

Brass Leaf 24g Stamping Blank 27x18mm Pendant x6

brass coloured eyepins or 20 gauge wire to make your own  
4mm and 8mm jump rings

2 x 10mm jump rings

8mm glass spectra beads in pink and green 7 x green , 10 x pink  
faux pearl bead chain or make your own using 13 pearls

organza ribbon

Tools : Round nosed pliers

chain nose pliers

wire cutters

bent nosed pliers

(also in picture, and made with same technique as flowers and leaves

Beads - Antiqued Bronze 23x12mm Filigree Roundel Bead x2

Copper Heart 24x22mm 24g Stamping Blank

Copper Funky Heart 24g Stamping Blank 46.6xx28mm

Brass 6 Petal Flower 24g Stamping Blank 33.5mm )

Step 1

Using eyepins or short lengths of wire turn loops with round pliers at each end around the 8mm beads - if you use eyepins you will only need to form one loop. Join together with 4mm jump rings.

Step 2

Add jump rings to each of the leaves and flowers ready to attach.

Step 3

Wrap loops on each side of the filigree roundel bead, thread the wire through holes in the filigree on opposite sides of the bead.

Step 4

Fasten sections together with jump rings. Add the leaves and flower to the centre. Attach the pearl chain to the pink beaded strand with 10mm jump rings.

Step 5

As before with the pink beads, add green beads to eyepins or wire and attach together with jump rings. Add the flowers used as connectors and leaves. Fasten to the same 10mm jump rings as the two other strands.

Step 6

Make a larks head knot with the organza ribbon through the 10mm jump rings. You could add a fastener to the loose ribbon ends or simply tie to fasten.

Finished necklace !

Here are some simple pendants using the hearts and flowers
